No. 1502 East Front street, corner Hazen and Front streets. Seventeenth Ward, Cincinnati, Ohio Test mony of two well-known citizens. Medical Electricity triumphant!

Having a desire, if possible, to benefit the afflicted, I append the following certificate:
About the 1st of last August I was taken with a first, hacking cough, which kept growing worse until about the middle of last January, such a violent cough set in all at once that it seemed at every moment it would rack me almost to pieces. I had tried various remedies, but without any durable relief various remedies, and my friends had given pall hopes of my recovery; and one in particular, who had two sons die of quick consumption, said that I was following them speedily. At length, being reduces to a very low state of health, I was induced to try Professor Willcox's Electropathic treatment, and, strangs to say, to my great joy and satisfaction I experienced relief from the first application. Myough locemed, and I began to throw up masses of chick, foamy murus; my appetits was a great deal selector; my bowels and hive were aroused to healthy action; my night-sweats ceased, and in ten applications I was considered cured. I gained in fiesh about wo pounds per week. It is now a little over a month since I received the last treatment, and sufficient time has elapsed to know that the cure is permanent.

H. EDWARDS.

This is to certify that the above statement is correct, and that I believe Professor Willicox to be able and fully competent, to accomplish all that he advertises by this new system of Electropathic treatment.

Wm. Dennison, of Columbus—not quite so clearly seen D. K. Carter, of Cleveland, V. B. Horton, of Meigs Co., and Nichols, of Miami. All of them are supposed to be good, reliable party men, with ability sufficient to receive a Report from a Department, par don a convict or appoint a Notary Public. For Lieutenant Governor there is in line, as above. Thos. Spooner and Don Piatt, of this city; R. C.

Kirk, of Kuox; H. G. Blake, of Medina; Parsons of Cuyahoga; D. H. Cook and Raymond, of Toledo. Of this list every man is undoubtedly as capable of presiding over the Senate, of signing a bill, or taking a chew of tobacco with "the Senator from Hamilton" as was over Tom Ford in his most perspiring mo

As Hamilton County is represented in this list, it i but fair to speak the pleasure we feel at the men put forth. Thos. Spooner, as an executive or presiding officer, has more ability than any man we know of whilst Don Piatt-the husband of Bell Smith-has more accomplishments and graces at his command than any man who has not been snasoned at Paris. Either of these gentlemen would do for us.

For Secretary of State the present incumbent A. P. Russell, and Robt. Corwin, of Wayne County, ar named-perhaps others,

POLICE COURT. - Before Judge Lowe, yesterday morning, a large number of cases came up for examination; but, as is usual, most of them were with out interest. A couple of persons who are heirs to some property

located on Ninth street, beween Elm and Plum, were charged with having rented the premises next to the Colored Orphan Asylum to some individuals who intended to occupy it as a bagnio, and were held for an examination on Monday next. A party of girls and young men who had been ar rested at a notorious establishment on L'Homme

dieu alley, by Lieutenant Cook, on Thursday night even in number, were fined each five dollars and costs. Two of them paid their fines and were dis charged; the remainder were committed to the City Prison, in default. A man named John Connor, who was charged with disorderly conduct, exhibited a couple of wounds on his head, and said he was a victim to matrimony,

and had been beaten by his wife. The Judge, however, thought he was the sinner, and fined him two dollars and costs, for disorderly conduct. John Roberts and Charles Williams, whose countenances are bad as their deeds, were sentenced to the City Prison for ten days each, upon the charge of vagrancy; while a co-laborer at the delightful

usiness of doing nothing was, for the same offense,

ent over for twenty days. Emma Baxter and Susan Frazier, the two women whom we mentioned yesterday as having subjected themselves to incarceration, that Joseph Baxter, the husband of one and the brother of the other, might escape, plead guilty to the charge, and seemed to be proud of their success in the accomplishment of their purpose. Although we can not avoid admiring the motive which prompted the act, we must deprecate t, inasmuch as it liberated a desperade who is enfrely unworthy such regard. They were each sentenced to an imprisonment of thirty days in the dupgeon of the County Jall, and to pay a fine of \$10 and

costs.

An individual named John King, went into the es tablishment of Beggs & Smith, on Fourth street, near Main, early yesterday morning, and stole a lot of jewelry valued at \$60 or \$70, and was in the act of leaving, when he was seized by the porter, who at the time was engaged in opening the store, and kept until the arrival of some officers, who took him in charge. He was immediately taken before Judge Lowe, who committed him to answer the charge on Fuesday next.

Another Free-State Convention is called in Kansas, to meet at Big Springs, on the 3d of May. Mr. John T. Kirk, the assistant of the late

Wm. H. Prescott, is preparing a life of the historian. A bill to prohibit the marriage of white and black persons has passed the Wisconsin Legis-

A law, recently passed in Maine, established the annual salary of the members of the Legis-lature at \$150. They can sit twelve months, if they please, for this princely sum. A young woman in Arkansas recently mar-ried one of three brothers who are in jail for

murder and sentenced to be hanged. She expects shortly to be a widow. In Coshocton Common Pleas the cases of George Bell and William White, charged with robbing the treasury of that county, have been

continued to the next term of court, The Pennsylvania State tax next year will be two mills on the dollar, and provision is made to meet all State liabilities, and pay off a million of the State debt.

A gay young French teacher in Buffalo, named Louis Dion, was convicted the other day of stealing a coat and sent to the penitentiary four months.

Twenty cases of small-pox are reported in the village of Columbia, Henry County, Ala. and the disease was increasing in violence and spreading rapidly through other counties. Gov. McWillie, of Mississippi, has appointed

a delegation of three hundred and seven to represent that State in the Convention which assembles at Vicksburg on the 9th of May. It is rumored that the President anticipates the necessity of making war on Nicaragua, and that the returning Paraguay fleet will be ordered to the Caribbean Sea.

A company of 1,200 miners is at the Kansas gold mines, but some fifty only are at work. Most of the party are engaged in building houses on the various town-sites. Within the last year, card-playing among the steamboat travelers in the West had dimin-

Washington Irving was visited on the 3d inst., his seventy-sixth birthday, by his neighbors, who greeted the venerable man with honors and congratulations. An Englishman named John Thompson was killed at his own residence, No. 75 Sixth avenue, New York, on Saturday last, by (it is

alleged) his wife, during a drunken quarrel. Negotiations are understood to be pending between the Eric and New York Central Railroads, with a view to a new "compact," con-templating higher rates of freight.

On Friday last a negro named Cicero was shoton Hog Island, Va., and his body thrown into a fire and burned by his murderer. The murderer is unknown.

A Cuban flag was displayed on the corner of Walnut and Second streets, in Philadelphia, or Wednesday, in consequence of the announcenent that Cuba was on the eve of freedom. A man named Robbins was found guilty of bigamy at Raleigh, N. C., a few days since,

and branded in open Court with the letter B on his right check—a mark which he will carry to his grave. Four hundred firms engaged in the shoe and leather trade in Boston and its vicinity, held a public meeting in Boston on the 15th, to take measures for establishing a uniform inspection

Mr. Alexander T. Donagho, of Frederick-town, Washington County, Pa., has in his pos-

session a copy of Queen Elizabeth's Bible, dating back to 1495. It would be a valuable addition to any public or private library. Since the commencement of the Russian War, in 1854, no less than six hundred patents have been taken out in England for military inventions. This is more than double the number that was given between 1623 and 1854, a period of two hundred and thirty years.

The Cleveland Herald states that U. S. District Attorney Belden, by striking off every Republican included among the forty names selected from which to make a jury in the Wel-lingtou-Oberlin rescue case, has given it as his opinion that Republicans can not be trusted with the execution of the Federal laws.

In the report of the Sickles trial as published in the Herald, the name of John Graham is uniformly stricken out, and "counsel for the defense" substituted. The reason of this is found in the fact that some years since Mr. Graham and the editor of the Herald had a personal difficulty in Broadway.

Says the Portsmouth (O.) Tribune: Some of the papers are agitating the question whether politics and religion ought to be in any way connected. It's of no use to argue that point. A man who has any religion will carry it into all the relations of life; and a man who has none will be pretty sure not to exhibit any in his polities.

A farmer named Wm.
